

Idaho Roadless Area Review - Caribou National Forest

IRA Name (IRA #)	IRA Acres (Based on 2003 Caribou FP)	Location and Basic Info				Current Rx	Public Comment		County Recommendation and Comment		
		County(s) in IRA and (approx IRA acres per County)	Inholdings (Private or State Lands)	Adjacent NF	IRA Roaded Category 1B, 1B-1, or 1C (acres per category)	2003 Caribou FP Rx (approx # acres per Rx)	Comment on Specific IRAs	General Comment on this NF	County #1	County #2	County #3
Bear Creek (#4615)	21,048	Bonneville County (21,074)	No	Targhee NF [IRA located in Caribou and Targhee NF.	1C (21,074)	2.1.4 - Caribou Mountain Special Emphasis Area (649); 2.8.3 - Aquatic Influence Zone (2,388); 3.1 - Nonmotorized Recreation and Wildlife Security (13,241); 3.2 - Semi- primitive Recreation (2,454); 6.2 - Rangeland Vegetation Management (2,316)	1 org & 1 individuals protect roadless. Travel plan focus 1 organization. Total comments 2 organizations, 1 individuals.	Caribou NF specific total (includes all IRA comments): 4 orgs and 28 individuals protect roadless; 3 orgs and 74 individuals support FP and/or amendment to FP; 3 organization, 74 individuals travel plan focused comments Total Caribou NF specific comments - 10 organizations, 176 individuals.	Bonneville: Specific - Defer to Bonneville County Trails Committee recommendations. General - 1) Want opportunity to participate as a cooperating agency in any federal rulemaking without substantial cost to the County; 2) provision for process which allows forest thinning, salvage harvest or other forest health treatment activities to be given priority and expedited by the FS for any area within an IRA where such activities are not specifically prohibited - upon written notice of request by Governor or county commissioners; 3) provision that supports Idaho community fire plans. Agree with input from Caribou and Madison counties.	N/A	N/A
Bonneville Peak (#4154)	32,167	Bannock County (20,904), Caribou County (11,274)	State - 639; Private - 84	N/A	1C (32,177)	2.7.1 - Elk and Deer Winter Range (9,232); 2.8.3 - Aquatic Influence Zone (1,667); 3.2 - Semi-primitive Recreation (10,941); 3.3 - Semi-primitive Restoration (2,590); 4.2 - Special Use Authorization Recreation Sites (772); 5.2 - Forest Vegetation Management (695); 6.2 - Rangeland Vegetation Management (6,370)	3 org & 0 individuals protect roadless. Total comments 3 organizations, 0 individuals.	Caribou NF specific total (includes all IRA comments): 4 orgs and 28 individuals protect roadless; 3 orgs and 74 individuals support FP and/or amendment to FP; 3 organization, 74 individuals travel plan focused comments Total Caribou NF specific comments - 10 organizations, 176 individuals.	Bannock: No change to current management prescription. Recommend that process for salvage harvest, forest thinning, or other forest health treatment activities that are ecologically sound be given consideration unless specifically prohibited by the forest plan. Management prescriptions should be adjusted to foster public safety, health and welfare through complete implementation of community fire plan where IRAs intersect community fire plan areas. Known Phosphate Leasing Areas in Caribou County should continue.	Caribou: Accept FP management Rx.	N/A
Caribou City (#4161)	79,103	Bonneville County and Caribou County. [Total IRA acres - Caribou and Targhee NF: Bonneville County 75,008, Caribou County 15,982]	Private - 169	Targhee NF. [IRA located in Caribou and Targhee NF]	1C (79,201)	1.3 - Recommended Wilderness (25,750); 2.1.2 - Visual Quality Maintenance (1,220); 2.1.4 - Caribou Mountain Special Emphasis Area (12,406); 2.7.1 - Elk and Deer Winter Range Critical (4,569); 2.7.2 - Elk and Deer Winter Range (1,089); 2.8.3 - Aquatic Influence Zone (7,920); 3.2 - Semi-primitive Recreation (23); 3.3 - Semi- primitive Restoration (8,836); 6.2 - Rangeland Vegetation Management (17,060); 8.1 - Concentrated Development Areas (230)	1 org & 2 individuals protect roadless; 0 org & 1 individual support FP and/or amendment to FP. Travel plan focus 1 organization. Total comments 2 organizations, 3 individuals.	Caribou NF specific total (includes all IRA comments): 4 orgs and 28 individuals protect roadless; 3 orgs and 74 individuals support FP and/or amendment to FP; 3 organization, 74 individuals travel plan focused comments Total Caribou NF specific comments - 10 organizations, 176 individuals.	Bonneville: Specific - Allow more multi-use as the Caribou County Commissioners want. General - 1) Want opportunity to participate as a cooperating agency in any federal rulemaking without substantial cost to the County; 2) provision for process which allows forest thinning, salvage harvest or other forest health treatment activities to be given priority and expedited by the FS for any area within an IRA where such activities are not specifically prohibited - upon written notice of request by Governor or County Commissioners; 3) provision that supports Idaho community fire plans. Agree with input from Caribou and Madison counties.	Caribou: Area east of Caribou Mountain, 0461, should NOT be included in Recommended Wilderness area designation but should instead be used as a multiple use area.	N/A
Clarkston Mtn. (#4159)	22,616	Oneida County (15,526)	Private - 564	Cache-Wasache NF	1C (15,526)	2.2 - Research Natural Areas (532); 2.7.1 - Elk and Deer Winter Range Critical (7,593); 2.7.2 - Elk and Deer Winter Range (20); 2.8.3 - Aquatic Influence Zone (1,307); 6.2 - Rangeland Vegetation Management (13,164)	2 org & 0 individuals protect roadless. Total comments 2 organizations, 0 individuals.	Caribou NF specific total (includes all IRA comments): 4 orgs and 28 individuals protect roadless; 3 orgs and 74 individuals support FP and/or amendment to FP; 3 organization, 74 individuals travel plan focused comments Total Caribou NF specific comments - 10 organizations, 176 individuals.	Oneida: Recommend 1) continued maintenance and appropriate use of existing roads, trails and paths; 2) continued livestock grazing at current levels; 3) timber harvest and/or thinning where deemed appropriate for forest health, hazardous fuel reduction and wild fire control; 4) mineral extraction allowed if shown to be economically viable and environmentally sound; 5) recreation area and campsites continue to be maintained and improved and limited new development where not limiting other multiple uses; 6) more noxious weed suppression and control. Support comments and recommendations of Bannock and Franklin counties on shared IRAs.	N/A	N/A
Deep Creek (#4158)	7,089	Oneida County (7,092)	No	N/A	1C (7,092)	2.1.2 - Visual Quality Maintenance (165); 2.7.1 - Elk and Deer Winter Range Critical (1,958); 2.8.3 - Aquatic Influence Zone (263); 6.2 - Rangeland Vegetation Management (4,703)	2 org & 0 individuals protect roadless. Total comments 2 organizations, 0 individuals.	Caribou NF specific total (includes all IRA comments): 4 orgs and 28 individuals protect roadless; 3 orgs and 74 individuals support FP and/or amendment to FP; 3 organization, 74 individuals travel plan focused comments Total Caribou NF specific comments - 10 organizations, 176 individuals.	Oneida: Recommend: 1) continued maintenance and appropriate use of existing roads, trails and paths; 2) continued livestock grazing at current levels; 3) timber harvest and/or thinning where deemed appropriate for forest health, hazardous fuel reduction and wild fire control; 4) mineral extraction allowed if shown to be economically viable and environmentally sound; 5) recreation area and campsites continue to be maintained and improved and limited new development where not limiting other multiple uses; 6) more noxious weed suppression and control. Total Caribou NF specific comments - 10 organizations, 176 individuals.	Franklin: Have coordinated with Bear Lake, Bannock and Oneida Counties concerning overlapping area and have the same opinion of land use in these areas. Generally in agreement with Caribou and Cache NFP. All lands should be managed for multiple use. Do not need more wilderness or severe restrictions on land use. 1) Agree with current travel plan. 2) Current plan allows for grazing in all areas of Caribou and Cache NF, limit in some areas where conflict with recreation or riparian damage, otherwise all areas of forest in Franklin County should be left open to grazing. 3) All areas of county should be left open to timber harvest, necessary roads should be allowed and maintained during harvest, then closed and abandoned. 4) All areas of the county should be available for mineral extraction if economically viable and with minimal intrusion on forest lands.	Franklin (continued): 5) All campgrounds should remain open, some additional ones developed. 6) All areas open to fire fighting and emergency rescues. 7) Support active control of noxious weeds, FS should provide funds to Counties to help control them. 8) All existing roads should be kept open and maintained - county help could be considered on as needed basis. General - Have coordinated with Bear Lake, Bannock and Oneida Counties concerning overlapping area and have the same opinion of land use in these areas. Generally in agreement with Caribou and Cache NFP. Do not need more wilderness or severe restrictions on land use.	N/A	
Hell Hole (#4168)	5,309	Bear Lake County (5,315)	No	N/A	1C (5,315)	2.1.2 - Visual Quality Maintenance (509); 2.8.3 - Aquatic Influence Zone (278); 6.2 - Rangeland Vegetation Management (4,522)	2 org & 0 individuals protect roadless.
